ACCOMMODATION

Maydena – Jan 30 to Feb 1

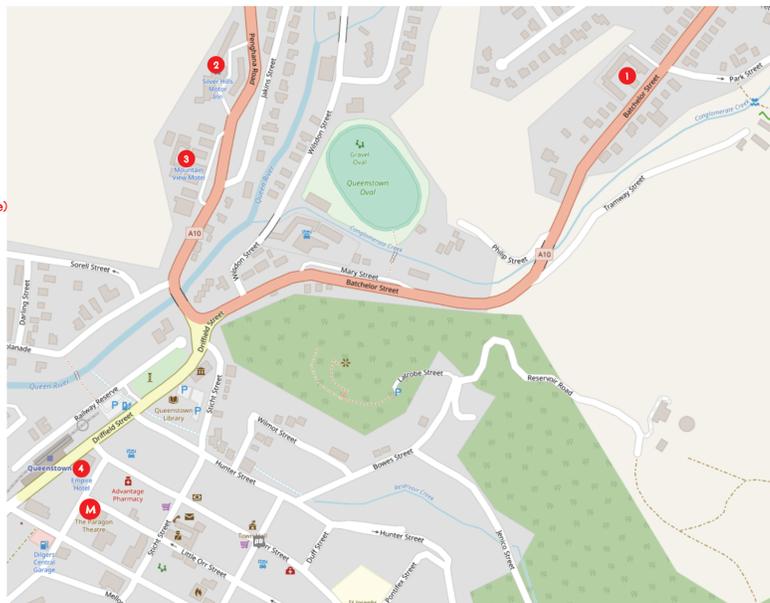

- ⇒ All riders on the All Inclusive Package will be staying in Air Bnb houses in Maydena – this is from Arrival day until the afternoon of Day 2
- ⇒ They are all within biking and walking distance of Maydena Bike Park Base
- ⇒ ALL Meals will be at the Maydena Bike Park Base

Queenstown- Feb 1 to 3

- ⇒ From the end of Day 2 until the start of Day 4: All riders on the All Inclusive Package will be staying at either: Gold Rush Inn, Silver Hills Motor Inn or Mountain View Motel. Volunteers will be at Empire Hotel
- ⇒ ALL Meals will be at the Paragon Theatre which is 700m – 1km from your accommodations. You will have to walk as your bikes will already be loaded into the transfer trucks

QUEENSTOWN ACCOMMODATION MAP

- 1 Gold Rush Inn
- 2 Silver Hills Motor Inn
- 3 Mountain View Motel
- 4 Empire Hotel
- M Meals (Paragon Theatre)

Derby- Feb 3 to 5

- ⇒ From the end of Day 4 until departure day: All riders on the All Inclusive Package will be staying at Air bnb's in Derby
- ⇒ ALL Meals will be at the Town Hall

GENERAL INFO

Accommodation and Rooming Allocations

ALL INCLUSIVE PACKAGE RIDERS:

- You will be allocated to Air bnb houses
- Most of these are twin share rooms and some are bunk bed
- I will be doing house and room allocations based on your friends list on the online spreadsheet, so make sure the names next to your name are updated. Click [HERE](#) to check
- If you are not coming on your own, you will be paired with another rider coming on their own to share a room with
- Accommodations will have all the bedding and towels you need

Laundry Facilities

There will be laundry facilities in your Air bnb accommodation each night so you can pack light and don't need to worry if days are wet and muddy as you can get all your gear and yourselves nice and clean at the end of each day!

Protection – Knee pads / Full Face Helmets

There are no requirements or rules that you have to wear a full-face helmet or elbow pads. However full-face helmets are always highly recommended. Knee Pads are mandatory. Australian rules are that a helmet must be worn at all times while riding a bicycle. You are all adults and responsible for your own selves - We won't be policing or giving out any penalties for those riders that don't have a helmet on during un-timed transitions.

Weather

Be prepared for anything. You are in the mountains of Tasmania that have a mind of their own. It could be 25-30 deg celsius, sunny and super hot or it could be clouded in, windy, rainy, cold and down to below 10 deg's. Example of 2019 Trans NZ was snowing day 1 and 4, and then super hot on other days! I will update you all the week before on what the weather gods are looking to deal us for the week to give you a rough idea! But regardless bring a rain jacket, some warm base layers and warm gloves just to be sure.

GENERAL INFO

Food Station on Course & Lunch

There will be at least 1 food/water station each day on course at around the half way point for all riders. There will be the usual lineup of food: bananas, bars, snacks, muffins, electrolyte, water etc. If you have favorite race food and snacks and/or have allergies to certain foods, then bring your own favorite snacks along, but we will have ample supplies for you. You will also receive your lunch either at the finish line or some days mid-course. All riders **(including self-support riders)** do get lunch.

Some days you will see the food/water station more than once and you will see all of this outlined on the maps on arrival day.

Breakfast and Dinner

All meals are included for those on the all-inclusive package. You will get dinner each night, breakfast each day that will include a few hot items like eggs and bacon along with some continental of cereal and toast selections etc. Make sure you indicated on your reg form if you have any dietary requirements. If you did not then email megan@transenduromtb.com now!

Cut off times

We will not be allocating any cutoff stages on the first day and you do not have any time restrictions for liaison sections between stages. I want to keep this fun and relaxing for you all. But if I find some people out there are having picnics and really taking their time, then I might have to enforce some course cut off times for the following days. If you need more time on course to get through it, then contact Megan to make sure are on the first waves/van to start on course each day.

GENERAL INFO

No Shops / Supplies: Day 1 & 2

Note that if you are getting picked up from the Airport on arrival day, you will be heading straight out to Maydena. There are **NO GROCERY SHOPS** out there. Maydena Bike Park base does sell food and snacks so you won't be completely stranded but just know that is the only supplies out there!

Once you hit Queenstown at the end of day 2, you will have access to grocery stores etc.

Bike Box Transportation

We will be transporting ALL bike boxes to the finish in Derby - They will be packed in a truck on arrival day and you won't see them or have access to them until day 4 of the race. So make sure you don't leave any parts in there that you might need during the week.

NOTE: if you get injured during the race and need to head home - your bike box/bag WILL NOT BE ACCESSIBLE to get until the end of day 4. We will do the best we can to help you work around this.

Location Transfers

Day 2 there will be a 3hr transfer from Maydena to Queenstown and Day 4 there will be a 5hr transfer from Queenstown to Derby. These will be in a 54 seater coach and 34 seater coach.

Travel Insurance and Trip Cancellation Insurance

At this point you should all have your travel insurance and trip cancellation in place. Know the cancellation policy dates outlined at the bottom of the registration page on the website. Having insurance is where your trip cancellation will come into play with your insurance provider if you get injured and can't come anymore. Make sure your policy covers mountain biking and trip cancellation.

GENERAL INFO

Tools & Mechanical Help

There will be mechanical support at the end of each day if you require it. Shimano will also be providing a 'Prep' station each day where you will have access to floor pumps, suspension pumps, lube and basic tools each day.

SHIMANO

ARRIVAL INFO

Hobart Airport Shuttle Pickup

Those arriving at the airport **on Jan 30th**:

- ⇒ Grab your bags from baggage claim then head to the designated meeting point - this location and map will be released to you closer to the event day
- ⇒ Shuttles will leave start loading at approx. 2pm and depart at approx. 2.30pm - but this may change after I see and receive all your arrival flight times
- ⇒ Remember, no flights to land after 1.30pm
- ⇒ You won't be putting your bike together at the airport. Your bike boxes/bags will get loaded in a truck and be transported with you to Maydena and then built there
- ⇒ Your EMPTY bike bag/box will then go back in the truck and be taken to Derby and not seen again until the end of day 4.
- ⇒ ** NOTE: below names/list is as of 11am Nov 24th

Self-Arrivals to Maydena

If you are self-arriving on arrival day here are your details:

- ⇒ Check the time that registration opens on the Schedule and arrive to Maydena any point from then to register
- ⇒ Registration and race hub is at the Maydena Bike Park Base

COURSE

Course Details

To the good stuff! We are not releasing any of the specific course details until race day, that's what this is all about, keeping it exciting, riding blind and making sure the locals don't get an advantage of those traveling from afar! Here are just some stats, average's and a guide to keep you going and entertained!

NOTE: There will be a Stage Description with the course marshal at the beginning of each stage during the week, that outlines how long the stage is, how much descending and climbing there is in the stage and any things that you might need to be aware of in the stage.

Day 1: Maydena

- A full mix of all trail types. If the rain comes in, then the trails will be riding very different to if dry!
- Approx 20km, Approx 1000m of climbing, Approx descending 1500m.

Day 2: Maydena

- We have a transfer to Queenstown in the afternoon of this day so the riding will be a little bit of a shorter day.
- Approx 16km, Approx 800m of climbing, Approx 1400m of descending

Day 3: Queenstown

- Brand new trail network. The terrain and riding are very different to the past few days. Drier, looser, and open
- Approx 30km, Approx 1500m Climbing and 2400m Descending

Day 4: Derby

- Today you are getting a true sample of the best trails Derby has to offer. You might need your big girl pants for some of the stages though!
- Approx 24km, Approx 1000m of Climbing and Descending,

Day 5: Derby

- Some more good stuff in Derby!!
- Approx 30km, Approx 900m of climbing, and approx. 1200m of descending
